Re: CAG meeting and Passaic River cleanup efforts

Date: September 10, 2013

Hi!

Ella and Carol are very much missed. I don't know whether I'll be able to get to this CAG meeting. The attached paper is one that Ella and I were working on before she passed away. I hope that the key idea in this paper, that the U.S. Department of Defense should want to be the prime PRP in the LPRRP, will be discussed. I'm planning to move to Florida in the near future where my e-mail address will be alkruger@cfl.rr.com. I want very much to stay involved in this project so please keep me informed. Thanks!

Anne
